## TAPES, FLUKES

- **Cattle tapeworm:**
  - Milk: None
  - Liver: None

- **Liver fluke:**
  - Milk: None
  - Liver: None

- **Gastrointestinal worms:**
  - Milk: None
  - Liver: None

- **Flukes:**
  - Milk: None
  - Liver: None

### Internal parasite control in cattle

- **Solution 3.5% L.A.**
  - ivermectin 5.25% w/w and albendazole 1.5% w/w
  - 120 days
  - Not for use in animals whose milk is used for human consumption.
  - 500 ml 3 x 150 ml

- **SOVEREIGN**
  - ivermectin 2% w/w
  - 30 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **Flipecur®**
  - ivermectin 15% w/w
  - 30 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **AVOTAN POUR-ON**
  - ivermectin 15% w/w
  - 30 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **CORTAVET®**
  - fenbendazole 6% w/w
  - 30 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **PANACUR®**
  - fenbendazole 4% w/w
  - 7 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **PANACUR 4%**
  - fenbendazole 4% w/w
  - 7 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **HEBRON-FLEXX®**
  - oxyclozanide 3.75% w/w
  - 14 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **HEBRON-FLEXX®**
  - triclabendazole 10% w/w
  - 35 days
  - Not for use in animals whose milk is used for human consumption.
  - 100 ml 3 x 30 ml

- **RAHETAN®**
  - niclosamide 20% w/w
  - 8 days
  - Not for use in animals whose milk is used for human consumption.
  - 200 ml 2 x 100 ml

### Anticlockwise (90% effective) against susceptible worms.

- **Aids in the control (90 - 89% effective) against susceptible worms.**

- **An interval of 70 days must elapse after treatment to allow lesions to heal.**

- **Live Weight**

### Tapeworms: Class 1: 100 % effective in at least 80% of the treated flock, against susceptible tapeworms.
