

National Sales Conference 2015

MSD Animal Health started the year off with our national sales conference in January. We celebrated a successful year in 2014 which was made possible only by you, our loyal customer. High performing team members were awarded for their outstanding performance in 2014 on the first evening at the traditional Gala Dinner. As from the second day, we were completely focused on the year ahead, planning on ways to improve our customer service, delivering top quality products and veterinary services to our vast array of customers to continue being a true partner in business.

We look forward to the year ahead and partnering with all our customers and stakeholders to make 2015 a year to remember!
